THE WORLD NEVER BEFORE SAW SUCH A MASS OF HOME TESTIMONY GIVEN TO ANY OTHER MEDICINE. Hampton's Vegetable Tincture!

THE GREAT DISCOVERY OF THE AGE! READ! READ! READ!

Joy to the World !- Hope for the Afflicted! - More Testimony from Home!

Testimony from Home!

Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph K. Stapleton, esq., an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a failing state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and an as active as I was twenty years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hampton's Vegetable Tincture!

This certificate is from the pen of a gentleman whose man appears on the journal of Congress, one who is extensively and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's
Tincture has effected a most extraordinary cure of my slave
boy, Albert. The patient was three years old, and had the
Scrofula—(his father was scrofulous.) The boy was a moving
mass of sores from head to foot; the upper lids of the eyes
were much swollen, and turned inside out, exhibiting horrible mattering uleers that protruded over the eye-balls so as
to produce blindness. It is strange, yet true, this child, that
I felt resigned to see die as a relief from suffering, has been
restored to health under the treatment of Dr. Hampton.

Greater weight of Testimony cannot be given.

PORTEMONTH, VA., Aug. 18, 1851.

Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family: and in dyspepsia, loss of appetite, dizzinesa, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, youre,

Vernor Eskrider,

Chaplain United States Navy.

Still another Witness for "Hampton's Vegetable

Tincture!"

This certificate is from one of our largest and most enterprising farmers—the owner of those spiendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before:

BALTIMORE, Feb. 4, 1852. Mestrs. Mortimer & Moubray—GENTS: Having been afficted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was scarcely able to walk, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which gave me interso pain.

hich gave me intense pain. When in this condition, Mr. Scott, Conductor on the Sus-When in this condition, Mr. Scott, Conductor on the Suquenanna Railroad, with several others, called my attention to the many wonderful cures made by Hampton's Vegetable Tincture. I determined to give it a trial, as a last resort. You well remember my sufferings at the time I got the Tincture from you—they were almost past endurance. I am happy now to inform you that, in a short time after taking it, I was relieved from pain, and could walk without difficulty, and in about four weeks I was enabled to take part in the ploughing match at our late Agricultural Fair. The ulcer on my wrist is now entirely cured, and I am in the enjoyment of the very best health, with no symptoms of my old disease; all of which I feel bound to say I owe to the great healing and restorative qualities of Hampton's Vegetable Tincture.

My great confidence in it has induced me to reco rs, and I have also seen its good effects in a num-cases. My little daughter had been in bad health for some time: no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hampon's, which soon restored her to robust health. I do therefore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may always have it at hand. Yours, respectfully, Monkton Mills, Baltimore county.

Monekton Mills, Baltimore county.

Stronger—Still Stronger!

Can any unprejudiced mind in the world ask stronger testimony or more convincing proof of the great restorative and curative powers of Hampton's Vegetable Tincture than given below? The writer is one of our mest highly esteemed citizens, a man of integrity, and, it is extensively known, has been for a long time suffering under disease; his altered appearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also the son of the old Doctor Dunan, whose great skill as a physician is well known to most of the oldest inhabitants of this city:

Mestrs. Mortimer & Mowbray—Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough. I was advised to take Ood laver Oil, and did so, but, getting no better, I was induced to try your Tincture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to state, that for the last fifteen years I have suffered very much trom Acute Rheumatium and Vertigo, confining me, at times, to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me yours, very respectfully.

We have certificates from Captain Canot, brother to the eminent physician to Louis Napoleon, President of the French republic, who was cured of Rheumatism of seven years standing; one from Rott Gault, do, of seven years; one from Mr. Oldham, Baltimore Custom-house, of a dreadful case of dyspepsia; one from Jno. Luke, of a case of dyspepsia and general debility; and one from J. K. Stapleton, esq., of Baltimore, with hundreds of others.

Protection from Lightning.

Protection from Lightning.

THE undersigned, being the duly appointed Agent of Sphatt's Electrican and Electro-Meralleggist Lightning-Rob Manufactory, Covington, Kentucky, begs to offer these superior Rods, of Spiral-twisted, Carbonized Annealed Iron, with Zinc Protectors, and Electro-positive elements combined in their manufacture; thus rendering them equal to copper as conductors. They are in ten-feet lengths, with accurately-fitted brass-screw connecting joints, an entire new style of metallic (patented) attachments, for brick or frame buildings; also, glass isolaters, of a novel and ingenious construction, (patented,) forming a lock; the whole mounted with a solid platinum silver point, (patented,) twelve inches long, surrounded at the base with three angular negative magnets, which possess the power, to an extraordinary extent, of discharging the opposite elements of the most fearful thunderstorm, and embrace the entire perfection of science up to the present time; the whole constituting the most magnificent and perfect silent conductor over presented to the public.

Safely has not been compromised by affording these ex-

ting the most magnificent and perfect silent conductor ever presented to the public.

Safety has not been compromised by affording these excellent rods at such low rates; the greatest attention has been given to their construction, so as to be readily attached. The astonishing power of the negative magnets, in discharging the air of its opposite elements, has been clearly demonstrated by the Electrometer, when unmagnetized points have shown but slight results, though placed under the same conditions. In fact, they gather and silently discharge electricity from the atmosphere when you would scarcely suspect any being present.

These improvements being secured by double letters patent, you are hereby cautioned against laying yourselves liable, by purchasing of those who are not authorized, or who are substituting inferior imitations. All agents duly appointed can show their certificates. Have good rods or none.

CHARLES W. HEYDON.

I do hereby certify that I have applied various powerful chemical reagents to Spratt's Patent Points for Lightning-Rods, and that the results of these experiments convince me that they will resist the action of atmospheric causes, and thereby preserve the extremity sharp—a condition most essential to protection against lightning. The reagents used in the above experiments were a solution of chloride of sodium, (common salt.) acetic acid, sulphuric acid, and hydrochloric acid. With the first, there was no action on the metal; with the several acids, there was no action on the sufficient to show that atmospheric influences would have no sensible effect.

Chicago, September 3, 1850.

This may certify that I have examined, somewhat critically, James Sprait's Patent Lightning Rods, and that I am of opinion that it is constructed on scientific principles. For combining durability, cheapness, and efficacy, I deem it equal, and I think superior, to any other rod ever offered for my inspection.

To any other rod ever offered for my inspection. Augusta, (Ga.) November 11, 1850.

AUGUSTA, (Ga.) November 11, 1850.

This will certify that I have examined the Lightning Rods, Metallic Peints, and Isolating Attachments, manufactured by Mr. Spratt, and regard them as constructed in conformity to the general laws of the electric fluid; and the metallic compound constituting the Peints, as promising, from the result of several tests to which they were submitted, to resist for years the action of those atmospheric causes most likely to corrode them.

Pharm., Medical Collego, Ga.

The Lightning Conductors put up by Mr. Henry M. Smith, of this city, on the plan of Mr. Spratt, appear to me to be very well devised; and, in point of mechanical construction, are the best I have ever seen.

It is to be hoped that the use of these Rods may become general, as an important auxiliary defence against a danger which must be regarded as of ne ordinary magnitude, to which all buildings are liable.

CHERRY PECTORAL,

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND .

CONSUMPTION. CONSUMPTION.

TO CURE A COLD, WITH HEADACHE AND SORENESS OF THE BODY, take the CHERRY PECTORAL on going to bed, and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon, and evening, according to directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble when they find it can be so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find, by taking the Cherry Pettoral on going to bed, they may be sure of sound, unbroken sleep, and consequently refreshing rest. Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effect in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

From two eminent Physicians in From two eminent Physicians in FAYETTEVILLE, TENN.: April 16, 1851. Six: We have given your CHEREY PECTORAL an extensive trial in our practice, and find it to surpass every other remedy we have for curing effections of the respiratory organs. DRS. DIEMER & HAMPTON. DRS, DIEMER & HAMPTON.

TO SINGERS AND PUBLIC SPEAKERS; this remedy i invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

f the voice.

ASTHMA is generally much relieved, and often wholly urred, by Cherky Pettoral; but there are some cases so batinate as to yield entirely to no medicine. Cherky Pecoral will cure them, if they can be cured.

BRONCHITS, or irritation of the throat and upper portion of the lungs, may be cured by taking Cherky Pettoral a small and frequent doses. The uncomfortable oppression is con relieved.

Doctor LANSING, of BROOKLYN, NEW YORK, states: "I have seen the CHERRY PECTORAL cure such cases of asthma and Broughitis as lead me to believe it can rarely sil to cure those diseases."

FOR CROUP,—Give an emetic of antimony, to be followed by large and frequent doses of the CHERRY PECTORAL, until it subdues the disease. If taken in season, it will not fail to

ure.
WHOOPING-COUGH may be broken up and soon cured by the use of CHEREY PRETORAL.

THE INFLUENZA is speedily removed by this remedy. Numerous instances have been noticed whore whole families were protected from any serious consequences, while their neighbors, without the CHEREY PECTORAL, were suffering from the discase.

from the discase.

SALEM, OHIO, 11th June, 1851.

Doctor J. C. AYER: I write to inform you of the truly remarkable effects of your CHERRY PECTORAL in this place, and in my own family. One of my daughters was completely cured in three days of a dreadful Witcoping-Cocom by taking it. Dr. Means, one of our very best physicians, freely states that he considers it the best remedy we have for pulmonary diseases, and that he has cured more cases of CROIT with it than any other medicine he over administered.

Our clergyman of the Baptist church says that during the run of INTUENEA here this soason, he has seen cures from your medicine he could scarcely have believed without Seeing.

J. D. SINCLAIR, Deputy Postmastor. SALEM, OHIO, 11th June, 1851.

From the distinguished Professor of Chemistry and Materia
Medica, Bowdoin College.

I have found the CHERRY PECTORAL, as its ingredients show, poworful remedy for colds, and coughs, and pulmonary iseases. PARKER CLEVELAND, M. D. BRUNSWICK, Mr., February 5, 1847.

DR. VALENTINE MOTT,

The undely-celebrated Professor of Surgery in the Medical College, New York city, says:

"It gives me pleasure to certify the value and efficacy of Ayer's Cherry Peteral, which I consider peculiarly adapted to cure diseases of the Throat and Lungs." @ Cures of severe diseases upon the Lungs have been

offected by Cherky Pzerozal. In such extreme cases as war-rant the belief that a remedy has at length been found that can be depended on to cure the Coughs, Colds, and Consump-tion which carry from our midst thousands every year. It is indeed a medicine to which the afflicted can look with con-fidence for relief, and they should not fail to avail themelves of it.

pinching cool. The causeway between Analoston island and the Virginia shore, which was carried away by the freshet, was built by our Corporation in 1806,

and cost \$25,000 Prices in our market this morning were unasually high: Beef, 124c. per pound; veal, 10@ 15c.; bacon, 12@14c.; mutton, 10c.; butter, 371@50c.; eggs, 20@25c.; chickens, 75@871c.; potatoes, 374c. per peck.

The flour market is more firm. Sales of several hundred barrels have been made yesterday and this morning at \$4@\$4.064. These prices are being freely offered this morning. We hear of no transactions in wheat. There was a sale yesterday of several hundred bushels of yellow corn

Caucuses and Dissenters. The Alexandria Telegraph of this morning

says: "Against any caucus dictation on the part of Congress in Presidential questions we enter our earnest protest. In these Congressional gatherings some man is apt to be found whose ambitious hopes are bound up in the fortunes of some one of the Presidential aspirants, and who looks alone to the interests of his favorite—who thinks by some adroit movement, by some stocking of the cards, to advance him and to embarrass his competitors. Thus it is that selfish extreme positions are as-

sumed, and the party consequently divided. This is just and true, and well accords with the sentiments we have heretofore uttered. But the following is important, as tending still more closely to the point:

"From our knowledge of some of the Southern members who retired from the caucus, we are free to state that they were actuated alone by patriotic motives. So far as the representative from this Congressional district is concerned, we are prepared to state that he will support any nomines of the Whig National Convention who recognises the Compromise measures as a finality. We have known Col. Strother long. He is and ever has been a firm and consistent Whig; and we would as soon expect to wake up one of these inclement mornings and find ourselves turned ocofoco, as to suppose that he would commit

any act tending, in his opinion, to destroy the idenity or harmony of the Whig party.

"We have heard a pretty general expression of opinion from the Whigs of this place on this subject, but we have not seen the first one who approves the course of Mr. Humphrey Marshall, nd those who acted with him."

Without being authorized to do so, we hereby undertake to affirm of Col. Strother that he needs no further proofs than he now possesses respecting Gen. Scott's position on all the measures of the Compromise. His support of the nomince is doubted by no man who knows him.

Military Convention. There was held in this city, last Thursday vening, a meeting of delegates from all the volunteer companies for the purpose of inviting the brigade officers of the city to take their positions on parade of the companies; and on their failing to do this, to make application to the proper source for permission to elect their own officers to perform the duties for them.

This looks like insubordination. There will be on parade on the 10th of May six companies. The military spirit seems to be on the increase

NEW PHASE IN THE McDonough-WILL CASE .-

The New Orleans Delta of the 15th instant "A new feature in the case was whispered about yesterday. It is said that when the plaintiffs in this action, who are collateral relatives of the deceased, succeeded in breaking the will, the widow and children will come in and relieve them of their burden. For, says rumor, the testator was duly and legally married, and lived seven years with his wife in New Orleans, from which resulted two children. It is further said that McDonough gave them some fifty thousand dollars before his death, though no mention is made of them in the will. Verily, the 'glorious uncer-
